

SHOW SPONSOR

The Ohio Simmental Association and Ohio Junior Simmental Association are excited to host the 2020 Ohio Simmental Show in Wooster, Ohio at the Wayne County Fairgrounds on August 8-9. This event will draw Simmental breeders and Juniors from all over Ohio and surrounding states.

ABOUT THE SHOW

This event was created to give our members of both the OJSA and OSA a place to show off their cattle. With the cancelation of the Ohio State Fair, the OJSA Memorial Day Classic and the AJSA Eastern Regional our juniors and breeders have lost many opportunities to show off their hard work. This two day event will include a Junior show on Saturday the 8th that will included Showmanship and then the Show. The second day is open to all breeders and we will have a great open show for all breeders to exhibit the cattle that they have been working for years to produce.

HOW YOU CAN HELP

The OSA/OJSA is looking to host an incredible event, bringing together future agriculture leaders and current Simmental Breeders to build relationships through the beef industry. Help us encourage our breeders of all ages that there are so many friends and businesses that support them in these difficult times we are living through. Contributions of all types and sizes are welcomed to support this very important event.

Please take time to review the various sponsorship levels, if you have specific accommodations you'd like to discuss in order to support this event please contact the show coordinator, Pam Haley. We look forward to working with you and showcasing youth throughout the event.
